

National Atherosclerosis Socs & EAS –
Information to share with your Society members about EAS 2019

Dear Marat Ezhov

For the attention of - leadership :: please share this information with your society members about opportunities at EAS 2019 Maastricht.

As you know, the 87th EAS Congress will be held in Maastricht, the Netherlands, May 26-29, 2019. At EAS we are very much looking forward to an outstanding scientific programme, and the opportunity to raise and discuss the latest in basic and clinical research with the leaders in the field.

In your role as President of the Russian National Atherosclerosis Society, we invite you to share with your society members information about the Congress, e.g., by forwarding our announcement emails, and including on your society's website a banner & [link to the Congress website>>](#)

Opportunities for members at EAS 2019 Maastricht

- Opportunity to hear experts in the field: leading international faculty in an excellent scientific programme [link to programme>>](#)
- Opportunity to network – the key to progress in science: interdisciplinary discussions inspire new ideas and new collaborations. Charming, vibrant Maastricht is the perfect setting. [link to Maastricht information page>>](#)
- Opportunity to have your own work presented amongst the top names in your field by submitting an abstract [link to abstract submission page>>](#)
- Opportunity for young presenters to secure support to attend - Young Investigator Fellowships & Travel Grants are available [link to apply for Fellowship and Travel Grants>>](#)
- Opportunity to save on registration fees before the Early Registration deadline March 18 2018 [link to registration page>>](#)

Thank you for helping us communicate these opportunities to Russian National Atherosclerosis Society members. We hope many of them will join us in Maastricht, to showcase the society's current contribution to the field, and to encourage and support the next generation of young scientists from the region.

If you have any queries, contact Helena Nielsen Knights at EAS office.
